CAUSE

The offender had a positive urinalysis test for methamphetamine on February 3, 2012. Prior to this, she had been visiting bars and hanging out with friends. With her substance abuse history, spending time in bars or taverns is not a good plan for her.

Ms. Sperle will be attending moral recognition therapy through Pioneer Human Services to assist her with relapse prevention. Her urinalysis tests have been increased. After the positive urinalysis test, Ms. Sperle was directed to find an Alcoholics Anonymous sponsor and self-help groups to attend. She has complied with this. Ms. Sperle is currently the sole parent of her 6 year old daughter. She is currently working 25 hours a week and is going to school full time.

I declare under penalty of perjury that the foregoing is true and correct.
